INDEPENDENT AUDITOR'S REPORT TO THE DIRECTORS OF VARINDERA CONSTRUCTIONS INTERNATIONAL LTD.

Opinion

We have audited the combined financial statements of **Varindera Constructions International Ltd** (the Company), which comprise the statements of financial position as at 31 March 2025, and the statements of profit or loss and other comprehensive income, statements of changes in equity and statements of cash flows for the year then ended as set out on pages 9-12, and a summary of significant accounting policies and other explanatory notes 13-20.

In our Opinion, these financial statements give a true and fair view of the financial position Varindera Constructions International Ltd as at 31 March 2025, and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards and in compliance with the requirements in the Mauritius Companies Act 2001.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing ("ISAs"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial statements* section of our report. We are independent of the company in accordance with the International Ethics Standards Board for Accountants' *International Code of Ethics for professional Accountants ("IESBA Code")*, and we have fulfilled our ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other information

The directors are responsible for the other information. The other information comprises the Corporate Information, Commentary of Directors and Certificate from the Secretary, but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express an audit opinion or any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Directors for the financial statements

The directors are responsible for the preparation of financial statements that give a true and fair view in accordance with International Financial Reporting Standards and in compliance with the requirements of the Mauritius Companies Act, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditax Associates LLP

(Trust Beyond Numbers)

Registered Audit Firm - FRC Licensed Auditor

Page 7

Report on the audit of Financial Statements (continued)

Responsibilities of Directors for the financial statements (continued)

In preparing the financial statements, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditors' responsibilities for the Audit of the Financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risk of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are
 appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the
 company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statement or, if such disclosures are inadequate, to modify our opinion. Our Conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures
 and whether the financial statements represent the underlying transactions and events in a manner that
 achieve fair presentation.
- Obtain sufficient appropriate audit evidence and content of the financial information of the business activities
 of the company to express an opinion on the financial statements. We are responsible for the direction,
 supervision, and performance of the audit. We remain solely responsible for the audit opinion.

Auditax Associates LLP

(Trust Beyond Numbers)

Registered Audit Firm - FRC Licensed Auditor

Page 8

Report on the audit of Financial Statements (continued)

Auditors' responsibilities for the Audit of the Financial statements (continued)

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal controls that we identify during our audit.

Use of this report

This report is made solely for the Company's shareholders, as a body, in accordance with section 205 of Mauritius Companies Act 2001. Our audit work has been undertaken so that we might state to the Company's shareholders those matters we are required to state to the shareholders in our auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company's shareholders as a body, for our audit work, for this report, or for the opinion we have formed.

Report on Other Legal and Regulatory Requirements

In accordance with the requirements of the Mauritius Companies Act 2001, we report as follows:

- We have no relationship with, or any interests in, the company other than in our capacity as auditors.
- · We have obtained all the information and explanations we have required; and
- in our opinion, proper accounting records have been kept by the company as far as it appears from our examination of those records.

VARINDERA CONSTRUCTIONS INTERNATIONAL LIMITED NOTES TO THE FINANCIAL STATEMENTS

0

Notes forming part of financial statements

1 Corporate Information

VARINDERA CONSTRUCTIONS LIMITED ("the Company") is a Company incorporated on 10th July 2023 and domiciled in the Republic of Mauritius having its registered office situated at Unity College Rose Belle Grand Port Mauritius, Republic of Mauritius. Its main activity is to operate as Contractor for construction of Building (residential) - Firm of builders and / or Contractors.

2 Basis of preparation and presentation of financial statements

The principal accounting policies adopted in the preparation of the company's financial statements are set out below:

a) Statement of Compliance

The financial statements comply with Companies Act 2001 and have been prepared in accordance with International Financial Reporting Standards (IFRS), interpretations as adopted by International Accounting Standards Board (IASB).

b) Basis of Measurement

The financial statements are prepared under the historical cost convention except for property, plant and equipment, which are recorded at fair value. Where necessary, comparative figures have been amended to conform with change in presentation in the current year. The preparation of financial statements in conformity with International Financial Reporting Standards requires the use of certain critical accounting estimates. It also requires management to exercise their judgment or complexity, or areas where assumptions and estimates are significant to the financial statements as disclosed in note 18.

c) Revenue Recognistion

Revenue is recognized once sales of goods and services are rendered.

Financial assets and liabilities are recognised on the statement of financial position when the Branch has become party to the contractual provisions of the financial instruments.

Inventories

Inventories are stated at the lower of cost and net realizable value. The cost of inventories is based on the weighted average principal, and includes expenditure incurred in acquiring the inventories and bringing them to their location and condition. In the case of manufactured inventories and work in progress, cost includes an appropriate share of production overheads based on normal operating capacity.

Net realizable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and selling expenses.

Foreign Currencies

(i) Functional and presentation currency

Items included in the financial statements of the Company are measured using the Mauritian rupees, the currency of the primary economic environment in which the entity operates ("functional currency"). The financial statements are presented in Mauritian rupees, which is the Company's functional and presentation currency.

(ii) Transactions and balances

Transactions denominated in foreign currencies are recorded in Mauritian rupees at the rates ruling at the transaction dates. Assets and liabilities expressed in foreign currencies are translated into Mauritian rupees at the rate ruling at the statement of financial position date. Exchange gains or losses are dealt with through the statement of comprehensive income.

Provisions

Provisions are recognised when the Branch has a constructive obligation (legal or constructive) as a result of past events, which it is probable, will result in an outflow of economic benefit that can be reasonably estimated.

Employee Benefits - defined benefits plan

The present value of retirement benefits in respect of Workers Right Act gratuities is recognized in the statement of financial position as a non-current liability where material. No provision has been made because in the opinion of directors this liability is not material.

Employee Benefits - defined benefits plan

Contributions to the CSG are expensed to the statement of comprehensive income in the period in which they fall due.

NOTES TO THE FINANCIAL STATEMENTS

0

Notes forming part of financial statements

Property, Plant and Equipment

Property, plant and equipment are stated at cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the Items.

Depreciation is calculated to write off the cost of assets over their expected useful lives using the straight-line method to their residual values. The annual rates of depreciation used are:

Furniture and fixtures 10%
Computer Equipments 33%
Motor Vehicles 15%
Plant & Machinery 10%

Where the carrying amount of an asset is greater than its estimated recoverable amount, it is written down immediately to its recoverble amount.

Gains and losses on disposal are determined by comparing proceeds received with carrying amount and are included in profit or loss.

Repairs and maintenance are charged to the statement of comprehensive income during the financial period in which they are incurred. The cost of major renovations is included in the carrying amount of the asstet when it is probable that future economic benefits in excess of the originally assessed standard of performance of the existing asset will flow to the branch. Major renovations are depreciated over the useful life of the related asset.

Deferred Taxation

Deferred income tax is provided using the liability method on temporary differences at the end of the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognized for all taxable temporary differences arising for the Company

Deferred income tax assets are recognized for all deductible temporary differences, carry-forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry-forward of unused tax credits and unused tax losses can be utilized

Deferred income tax assets are recognized for all deductible temporary differences, carry-forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry-forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred income tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized. Unrecognized deferred income tax assets are reassessed at the end of each reporting period and are recognized to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

Unrecognized deferred income tax assets are reassessed at the end of each reporting period and are recognized to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

The principal temporary differences arise from depreciation on plant and equipment.

Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply to the year when the asset is realized or the liability is settled

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority

Loans & Borrowings

Borrowings are initially recognized at fair value, net of transaction cost incurred. After initial recognition, interest-bearing borrowings are subsequently measured at amortized cost using the Effective interest rate method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through the Effective interest rate amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the Effective interest rate. The Effective interest rate amortization is included as finance costs in the statement of profit and loss.

Borrowing is classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

Impairment

At each statement of financial position date, the Company reviews the carrying amounts of its tangible assets to determine whether there is an indication that those assets have suffered an impairment loss. If any such indication exists, the asset's recoverable amount is estimated in order to determine the extent of the impairment loss (if any). An impairment loss is recognized whenever the carrying amount of an asset exceeds its recoverable amount.

which is the higher of the asset's selling price and value in use.

For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units). Impairment losses are recognized in the Statement of Comprehensive income.

Related Parties

For the purpose of these financial statements, parties are considered to be related to the branch if they have the ability directly, or indirectly, to control the branch or exercise significant influence over the branch in making financial and operating decisions, or vice versa, or where the branch is subject to common control or or common significant influence. Related parties may be individuals or other entities.

20 Financial Risk Management

The company's activities expose it to a variety of financial risks through its financial assets and financial liabilities. The most impotant components of financial risk are:

- (a) Market Risk (which includes currency risk and inetrest rate risk)
- (b) Credit Risk
- (c) Liquidity risk
- (d) Capital Management

(a) Market Risk

Market risk represents the potential loss that can be caused by a change in the market value of financial instruments. The Company exposure to market risk is determined by a number of factors, including interest rates, foreign currency exchange rates and market volatility.

(b) Credit Risk

At reporting date there were not significant concentrations of credit risk. The maximum exposure to credit risk is represented by the carrying amount of each financial asset in the statement of financial position.

(c) Liquidity risk Management

The Company manages liquidity risk by maintaining adequate reserves and banking facilities, by continuously forecasting cash flows and matching the maturity profiles of financial assets and liabilities. The maturity profile of the financial liabilities is summarized as follows:

Particulars				
March 31, 2025	0 - 1 years	1 to 5 years	> 5 years	Total
Trade & Other Receievale	8,256,694			
Borrowings	0,230,094		-	8,256,694
Trade payables	-	167,077,545	(2.)	167,077,545
Other financial liabilities	859,188	12	-	859,188
Total		-		-

Particulars	0 1	A SANDONES CONTRACTOR		
March 31, 2024	0 - 1 years	1 to 5 years	> 5 years	Total
Trade & Other Receivable	205 225			
Borrowings	395,287	*	2	395,287
Trade payables	·	120,638,179		120,638,179
Other financial liabilities	347,065	<u> </u>	-	347,065
Fotal	34,500		-	34,500
	776,852	120,638,179	· ·	121,415,031

(d) Capital risk Management

The Company manages its capital to ensure that the Company will be able to continue as a going concern while maximizing the return to stakeholders through the optimization of the debt and equity balance. The branch's overall strategy remains unchanged from 2023.

VARINDERA CONSTRUCTIONS INTERNATIONAL LIMITED Notes forming part of financial statements

21 Contingencies

Branch has no contingent liabilities as at the reporting date.

22 Events after Reporting date

There are no events after the reporting period which may have a material effect on the financial statement as at 31 March 2025.

23 Estimates and judgements are continuously evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Critical accounting estimates and assumptions

The Company makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities are

Limitation of sensitivity analysis

Sensitivity analysis in respect of the market risk demonstrates the effect of a change in a key assumption while other assumptions remain unchanged. In reality, there is a correlation between the assumptions and other factors. It should also be noted that these sensitivities are non-linear and larger or smaller impacts should not be interpolated or extrapolated from the results. Sensitivity analysis does not take into account that the Company's assets and liabilities are actively managed. Other limitations include the use of hypothetical market movements to demonstrate potential risk that only represent the Company's views of possible near-term market changes that cannot be predicted with any certainty.
